7. Report of the Director (attached to previous meeting materials)

Jeanne Williams went over her report and pointed out some highlights or items that were not part of the report.

Items that were not part of the report included:

- Eric Nord, a designer SHKS Architects put us in touch with, will begin working on a retouch of the current library logo in September.
- Summer Reading Statistics – 880 total participants across all ages. 0-12 = 453 participants with a 50% increase in participants age 0-5. 284 adults participated and 146 participants took part in the teen program.
- Bookmark Contest judging will take place on August 29th at 2pm. The Sedro-Woolley Mayor was invited as well as members of the Friends of the Library group.

8. Unfinished Business

A. New Library Project Update (August 15 Memo to District Board and City Council Attached as Appendix 1)

Jeanne Williams shared that mobilization and the removal of the pre-load materials has begun. The first construction meeting will take place on August 27th.

Furniture, Fixture and Equipment bidding will likely take place in late winter or early spring of 2020 so that pricing is not set too far in advance of actual purchases. Jeanne Williams will be finalizing FF&D plans once construction begins.

Plans for commissioning were also discussed with a commissioning agent. The plan will be presented in the first construction meeting. Commissioning is a process of third-party testing of HVAC, lighting and plumbing systems.

B. Trustee Absence Policy (Appendix 2)

Motion: Motion to accept the Trustee Absence Policy as written.

Motion 1: Darcy Resetar

Motion 2: Tim Howland

Unanimous

9. New Business

A. Retreat Follow-Up Discussion

Mary Alice Grobins shared that Trustees will need to think about upcoming sub-committee activities involving the recruitment of a new Trustee and the evaluation of the Library Director. Trustees will need to be prepared to make decisions on these matters at the September meeting.

B. Bylaws Changes (Technical) (Appendix 3)

Mary Alice Grobins shared that the Bylaws changes are technical in nature. They will need to be voted on in the next meeting.

C. 2020 Budget Initial Budget Discussion

Jeanne Williams shared the following assumptions on which she built the 2020 Budget Proposal Draft that would be presented in September:

Income

- Income from tax revenues for 2020 will be based on the estimated revenues provided by the Skagit Assessor's office, with the early assessment estimates likely coming out in September or early October. Any percentage increase that we take (last year 1%) will be based on the implicit price deflator, which in some years has dropped below 1%. It is not expected to drop below 1% this year.
- Since 2015, annual timber revenue has averaged \$295,000 annually. Dept. of Natural Resources recently released a report on the expected impact of the marbled murrelet plan expected to be implemented. The Sedro-Woolley School District is expected to see a .2% decrease in funding, so I do not expect to see any major changes in income if the plan these projections were based upon is implemented. Lisa Anderson from DNR will be getting back to me on presenting at an early 2020 Board meeting.

Personnel Expense

- In this fiscal year I have added two page positions at 16 and 8 hours per week to give us a page on the floor every day that we are open. I am also adding two part-time associates to work in circulation at 16 hours each. This will carry into the 2020 budget.
- I will be putting a placeholder of 3% for cost of living adjustments for personnel. The CPI may go higher than 3% and in the past we have based the COLA on CPI and have followed regional COLA adjustments. The Board may choose to increase wages from 0% to a percentage the Board is comfortable with.

- Anacortes and Burlington are doing salary comp studies and plan to release those in September. As it stands, I believe that our rates are competitive for non-degreed staff. However, the rate for an MLIS librarian with no management or supervisory duties will likely be higher than I had originally anticipated. Since I have decided to hire an MLIS Librarian rather than a Head of Public Services, I will be including this change in the 2020 budget. This person would be the Person in Charge when I am away but would not be exempt and would not be in a supervisory position. The draft budget will include the higher rate for the Librarian position that I expect to see in the salary comps when they are released.
- I am also expecting to hire another full-time associate no later than May of 2020 and this will be reflected in the budget.

Software and Licensing Expense

- We are still seeing an increase in digital resource circulation and usage. I have added some services that have been requested as well as adding resources that staff will be able to use to more efficiently create marketing materials and provide reader's advisory to patrons.
- Washington Anytime Library consortium costs continue to increase and we have now transitioned to paying the costs of a larger service population.
- We are also seeing increasing usage of our Hoopla service, which is a pay for play model rather than a licensing fee model. This service eases the pressure on our collection as it provides streaming and downloadable audiobooks, movies, tv shows and ebooks. I have adjusted to cover anticipated usage with the understanding that I may need to set some limits on the service to keep costs within budget.

Collection Materials Expense

- The materials budget will not see a great change, particularly because we will be spending one-time funds for new materials for opening day. Also, as digital usage continues to increase, many libraries are shifting some funds from physical materials to digital resources. This is not yet necessary for CSLD. Since I am implementing interlibrary loan before the year begins, I expect to spend less on request items that are currently being counted as materials spending because we will be able to borrow them from other libraries.

Library Programming

- I will be increasing the programming budget in 2020 by about 20% to accommodate the increase in programs expected in the new year and the new library. While the Friends will be helping to offset some of the costs, most of the programming budget is library-funded.

Other Items of Interest

- By 2020 we will see the library services payment from the city of Sedro-Woolley go towards the bond payment for the new library. In the 2020 budget I will be budgeting the timber funds in as income rather than putting it aside as windfall.
- The bookmobile generator will need to be replaced. I will be budgeting \$10,000 for this replacement in 2020. At this point we have found some viable short-term workarounds until the bookmobile is closed for the winter months.

Final Thoughts

- As the budget looks now in its draft form with the assumptions and expectations I have discussed here, the district will have approximately \$70,000 more in income than expenses in 2020. If the Budget Contingency Fund of \$30,000 is not spent, then it is likely to be approximately \$100,000. With this in mind, by the end of FY 2020, the library district will have between \$1.8M - \$2M in reserve. I would feel comfortable having 3 to 6 months in reserve for an emergency, but the Board will want to start thinking about what makes sense to keep in reserve while thinking about (and prioritizing) some projects for the future with the unallocated funds outside of the reserve.

10. Other Business

A. Mary Alice Grobins directed attention to the Parking Lot. Due to the diminished capacity of the Library Director because of staffing shortages, several items for upcoming meeting agendas had been put into the Parking Lot.

B. Patron Trespass (Memo Appendix 4)

Motion to trespass patron 2009000004476 from the library for 90 days.

Discussion:

Jeanne Williams shared that the police had documented the vandalism and had provided the report to have the patron trespassed. That "notice of exclusion" was filed that day. However, it was felt that the Board, at this point, should also get it on record that the patron is trespassed.

Mary Alice Grobins pointed out that the Board should get direction from Dan Gottlieb as to the necessity of making a Board trespass motion when a situation requires police involvement.

Trustees and Jeanne Williams agreed that, when police become involved, there should be no reason to pursue a trespass by the Board. Board trespass issues should only apply to situations where police are not involved.

Draft Policy/Procedure regarding Board member absences

Board Policy 2017-1 (Revised 8/15/2019)

Policy

The Board of Trustees of the Central Skagit Rural Library believe that full participation in regular and special Board meetings by all trustees is desired and in the best interests of district residents.

Procedure

Any Board member who is not able to attend a regular meeting of the Board of Trustees shall communicate that absence as follows:

At a regular meeting of the Board of Trustees, announce the expected absence under the "Other Business" section of the agenda.

If there is not a regular Board meeting prior to the absence, communicate via email with the Board Chair and Library Director the expected absence.

The Board recognizes that there will be times when trustees' schedules do not allow them to participate in meetings in person. If a trustee wishes to join a meeting remotely, such participation is welcome and encouraged, with the understanding that remote participation in regularly scheduled meetings should be infrequent and should not be used as a substitute for in-person attendance.

Memo to the Board of Trustees

RE: Trespass of Patron 20092000004476

The Library's current patron code of conduct reads as follows:

Everyone is welcome at the library. Library patrons, regardless of age, are required to comply with the Central Skagit Library District Patron Code of Conduct. In order to provide a pleasant environment, the following behaviors are prohibited:

- *Destroying or damaging library property*
- *Misuse of library bathrooms or other areas*

Patron 20092000004476 has been a library patron since approximately May 2019. For the most part, the patron has been very polite when in the library using computers. However, on multiple occasions staff (including me) have witnessed him walking around the building cursing and shouting profanity. Patrons have reported that he has followed them walking offsite.

On July 20th, a staff member reported that this patron asked for her assistance with submitting "contact us" messages on the Vellejo Hell's Angels website. Because the language was threatening and used profanity, she told him she would not be able to help him. She captured screen shots of the activity as she was afraid it could be linked to criminal activity. I spoke with Dan Gottlieb about this the following Monday and he advised that we not intervene unless he overtly violated the patron code of conduct.

On August 10th, at closing time, library staff found that the bathroom had been vandalized with threats and profanity written along the window frame in permanent marker. The writing involved the same threatening language towards the Hell's Angels and reference the Bandidos in the same manner as that of language used by patron 20092000004476 verbally and in the messages on July 20th.

On August 12th I reviewed the security footage and verified that this patron was in the computer area near the bathroom for the last 90 minutes before the library closed. No other patrons were in the area. Officer Rogers of the Sedro-Woolley Police Department documented the vandalism and shared that the same language and writing was used on vandalism in other areas of town and was tied to this patron. He also stated that the same language is written on some items of the patrons clothing. I filled out an Exclusion Notice and filed it with the police.

September 12th – Employment Law Update provided by the Municipal Research Services Center.

September 12th – joined a conversation with the City of Sedro-Woolley and a potential facilitator to provide a joint staff training involving implicit bias and cultural sensitivity.

Over the last month I have also implemented Novelist Select, which provides catalog integration of reader's advisory tools. During this time I also implemented the Library Aware service, which provides staff with thousands of pre-made flyers, book lists, book marks and newsletter templates. I created the most recent newsletter using this tool and was able to pull any work done by other staff directly into the newsletter and push it out by email and through social media from within the Library Aware software.

I have also been preparing to load the electronic records from Hoopla, Washington Anytime Library and Scholastic into our catalog. This will allow staff and patrons to see in the catalog if electronic versions of requested titles are available rather than having to log in and search separate platforms.

New Staff

- Li Swan joined our team in mid-August and works as a part-time Library Associate on evening shift from 4pm-8pm Monday through Thursday.
- MaKayla Haigh joined our team at the end of August and works as a full-time Library Associate.
- Tasha Martin joined our team as a part-time Page.
- Susan Smith joined our team as a part-time Page.

Ongoing and Upcoming Activities

- I will be attending the Symposium on the Future, Broadband and Libraries arranged by the Washington State Library September 22-24 in Wenatchee.
- Planning a staff meeting and training day on Columbus Day (10/14) since many patrons assume that we are closed for that holiday.
- Dia De Los Muertos on Saturday, November 2nd.
